Mr. Adam Wolf
President
National Wireless Independent
Dealer Association (NWIDA)
2A Buckingham Road
West Orange, New Jersey 07052

Dear Mr. Wolf:

Thank you for sharing your support for Assembly Bill No. 4934 (A-4934), which would establish fair repair practices for digital electronic equipment such as mobile phones, tablets and other common consumer electronic devices. As you may know A-4934, was introduced and referred to the Assembly Consumer Affairs Committee in June.

I appreciate you taking the time to outline how this bill will provide a positive economic impact for the small and medium sized independent wireless dealers in New Jersey. I will share your support with the Governor's Office in case the legislation gets moved to the Governor's desk.

Again, thank you for taking the time to share your support.

Sincerely,

A handwritten signature in blue ink that reads "Kim Guadagno".

Kim Guadagno
Lieutenant Governor
